Proceeds to Benefit My Friend's House

Each year in Collin County, more than 200 vulnerable children are removed from their homes due to physical, emotional, sexual abuse, abandonment or neglect. Sadly, there are less than 100 foster families in the county. As a result, children are often sent far from their familiar neighborhoods in search of emergency shelter. My Friend's House acts as a safe haven for children ages newborn to seventeen years with a focus on keeping siblings together, as well as meeting the requirements of children with special needs and medical issues.
